

Mrs. Ann Mallon and Mrs. Roisin Woods

SAINT PATRICK'S OUTSTANDING

GCSE RESULTS!

St Patrick's College Banbridge are absolutely delighted with their recent GCSE results!

“This is our best year yet!” said Mrs Mallon, the principal.

“Over 86% of our pupils achieved 5 A*-C grades.

The focus at the moment is on Literacy and Numeracy and therefore, the percentage of pupils obtaining at least 5 A*-C **including** English and Maths is a key statistic. We are proud to announce that our percentage achieving 5A*-C **including**

English and Maths is 64%, an absolutely fantastic achievement and well above the N Ireland average for schools of our type.

This is a well deserved achievement on the part of our pupils and our teachers. Everyone has worked incredibly hard. Parents have supported their children and our staff. The commitment of all stakeholders has been outstanding. We are currently benefiting from major refurbishment. Our pupils are returning to a transformed assembly Hall besides many other new facilities completed in the summer term.

Our success in St Patrick's College proves that when all stakeholders ie Governors, SELB, Parents, Teachers and Pupils and our feeder primary schools work together for the common good, enormous potential for improvement can be realised."
