**Dromore Diocese Policy on 'Safeguarding of Children and Young People'**  
 The Diocese of Dromore values and encourages the participation of children and young people in all church activities that enhance their spiritual, physical, emotional and social development. We recognise and uphold the dignity and rights of children and young people within our 'faith family' and we are committed to their protection and support in a way that promotes their human dignity and integrity as children of God.  
 In keeping with this ethos, we undertake to do all in our power in the Diocese of Dromore to create safe environments for children and young people.  
 We acknowledge that all involved in working with children and young people have a special duty of care towards them, and we undertake to put in place procedures through which this care is put into effect so that their rights as active participants in the life of the church are upheld.  
 We will review our policy and procedures on an ongoing basis.
