

[Bulletin 29th November 2009](#)

The bulletin is now uploaded as a PDF file, which should mean more clarity.

Click on the date above and, if the print is too small, move your cursor to the line directly above where you should see a box with a % (eg 60%). Click the 'down arrow' beside it and enlarge the type to 100%.

If you cannot open the file at all, please let us know a.s.a.p as you may need to download another programme for viewing.
